Useful Information

About Us

WiMLDS is an international organization for women+ interested in Machine Learning and Data Science.

We host local events, where we discuss machine learning and data science in an informal setting, with the purpose of building a community around women and gender minorities in these fields.

Code of Conduct

WiMLDS is dedicated to providing a harassment-free experience for everyone. We do not tolerate harassment of participants in any form.

WiMLDS prioritizes marginalized people's safety over privileged people's comfort.

Participants asked to stop any harassing behavior are expected to comply immediately.

Support Open Source

There is no charge for the sprint. We ask you to donate a nominal amount (\$5 to \$10) to NumFOCUS to support open source.

<https://numfocus.org/donate>

For "Donation Dedication:" indicate "scikit-learn"

For "Please notify the following person that a donation has been made:" indicate "berlin@wimlds.org"

Women's Space

We welcome all genders.

We also ask our attendees to respect that this organization and event is a women's space.

One example of creating that space is allowing women to speak and ask questions.

Please take photos and tweet about the event
